## *Single Vehicle Accident takes Life of Kirkland Resident*

\*\*\*

### **PRELIMINARY INFORMATION:**

Just before 3PM on February 27, 2014, YCSO deputies were called to a single vehicle accident on Date Creek Road about 12 miles from Highway 89 just outside Congress, Arizona. Upon arrival, deputies found a man, identified as 53-year-old William Randall from Kirkland, trapped under a white 1988 Ford Ranger pick-up resting on its side. Congress Fire personnel were on scene and determined Randall had died.

Initial investigation indicates speed was a possible factor in the accident. Deputies also determined Randall was not wearing his seat belt when ejected from the pick-up.

The accident remains under investigation and cause of death is pending Medical Examiner findings.
